

VISION

Nourishing the Valley, Sustaining our Community

A food secure Alberni Valley: All people, at all times have access to nutritious, safe, personally acceptable and culturally appropriate foods, produced in ways that are environmentally sound and socially just.

MISSION

We are a food focused action group that strives to strengthen the food system* in the Alberni Valley. This is accomplished through

- Supporting sustainable food
- Collaborating with partners
- Supporting community-led solutions
- Education and resource sharing
- Advocating for fair-food policies

*A complete food system includes three pillars – production, processing/preservation, and distribution. The absence of any one of these will threaten the whole system, and so all are needed to ensure a strong, vibrant and food secure community.
